

# Yucaipa Open 2018

## Temp Course log

Total Length: 5423' Both days

PDGA rules apply

ALL CAMP CIRCLES AND ASPHALT OB

1. 274' – Basket past the big tree to position slightly up on the hillside behind. Turn left to next tee around the corner to the right.
2. 230' – Road tee. Any asphalt and left OB unless disc lands on the narrow island at around 185' = safe.
3. 265' – Road tee. Down through the trees and out into the open behind.
4. 338' – Grass tee near camp circle. Dogleg right, up the gap and slight rise into the open.
5. 280' – Road tee. Basket up the road, then uphill slightly right.
6. 284' – New tee/shorter hole this year. Teepad slightly uphill from old dirt path with a view down to the basket, past the OB camp circle to tree group behind. Hillside flora has been trimmed to a degree. Even so, eyes on the drives! Spotter will be present as well.
7. 205' – Road tee. Up the slope to behind a tree at the base of the hill beyond.
8. 420' – Up the hillside past previous basket to the teebox on the side of the hill, throwing down to the grass peninsula. All asphalt surrounding the peninsula is OB.  
**Do not leave carts/bags anywhere on #7 fairway where they might interfere with the group behind.** Option to leave them well out to the right at the bottom of the hill. #8 tee downhill exit is in that area. Next tee walk up to camp circle, uphill from the basket.
9. 355' – Grass tee left of the water spigot at left side of the camp circle.
10. 250' – Grass tee a few out away from tournament central to a straight-out position between the camp circle and the parking lot, both of which are OB.
11. 242' – Road tee. Cross the road and run up the slope to basket on the hill. Road and right OB. **Watch for drives coming down from #12 tee at top.**
12. 280' – New, shorter, grass tee this year, uphill from 11's basket. Position down the hill to a **restricted landing zone** around the basket. Also new: **restricted fairway OB line** along the right side of the short grass. Stay out of the long stuff!! Refer to the map. OB left is the road until you get down near the basket and the rock line. Once you get to that first rock, you must be inside that "green" area marked on the map that wraps around the basket. If you're downhill anywhere left of those rocks you're OB.  
Map...
13. 351' – Road tee. Straight out onto that long open fairway to basket almost to tournament central.
14. 308' – Grass tee to dogleg to the right where fairway narrows up to the basket.
15. 245' – Walk across road from #14 basket out towards the fence line over a little rise to a grass tee along that fence line. Basket is out on a slight left line over another small rise to just the other side. Basket on top of a steel grill.
16. 306' – Grass tee at edge of the road/parking lot walking away from #15's basket. Only safe if land on the grass left of the road, on a small dirt island surrounded by asphalt between that grass and the basket, or on the grass around the basket, which will be up on a short concrete knob.
17. 264' – Road tee. Fairway runs straight out through trees/posts, over an OB camp road to basket in the trees on the right near the main road.
18. 306' – Road tee. Basket slight left uphill.
19. 220' – Grass tee adjacent to tournament central. A blind little downhill shot just 20' from asphalt OB left and below.
